

DI+ROP

A Winning Combination for Clients and You!

DI+ROP offers income protection if needed or cash back if not!

Your clients' financial futures stem from their most important asset - their income. Disability Income Insurance (DI) from Illinois Mutual can help them protect it. However, some cost-driven clients may ask "What if I never need to use my policy?" They may be reluctant to pay premiums for years with nothing to show at the end of the term. That's why DI+ROP is a winning combination!

Combine DI with our Return of Premium Rider* (ROP) available at additional cost to satisfy your most challenging prospects.

I WANT TO SELL DI!

Reasons to Sell DI from Illinois Mutual

Fast Start Bonus & Quarterly Incentives
